

## Fire tower

View of a man standing at the top of a fire tower. Both the date and the location are unknown, but this is likely either the Adirondack or Catskill mountains ca. 1900-1920, judging by the man's clothes. This image was created to record the fire control activities of the New York State Forest, Fish and Game Commission or Conservation Commission.

**Identifier**

NYSA\_14297-87\_1645
