

Erie Canal Survey, Gates showing Draper and two views of Canal

This is an ink, wash and charcoal map of a section of the Erie Canal in Gates. The map is split into two views. The first view shows an uncompleted drawing of what may be a basin or waste weir. The second view shows a small stream, a culvert and an unidentified road. The red lines indicate courses and distances. The blue lines indicate canal right-of-way. The map also shows the property of Henry Draper.
