

Geyser Park at Saratoga Springs

View of Geyser Spouting Spring in Geyser Park on the New York State Reservation (now Saratoga Spa State Park) near Saratoga Springs, Saratoga County. There is an arrangement of stones at the spout's base, and the water is forced up through a metal tube that concentrates the spray. A trail runs past the spring. The date is unrecorded, but is likely 1918. This image was created to record the Saratoga-related activities of the New York State Conservation Commission.
