

The map illustrates the extensive canal system of New York State, connecting the Hudson River to the Great Lakes. The main Erie Canal is shown with its profile, including locks and dams. Branches include the Oswego Canal, Champlain Canal, and Schoharieda Canal. The map also shows the profiles of the Erie, Oswego, and Champlain branches. A horizontal scale in miles and a vertical scale in feet are provided. Key locations and features are labeled, including Buffalo, Rochester, Albany, Troy, and various locks and dams.
