

Man in a Laboratory at Saratoga Springs

View of a man in a laboratory on the New York State Reservation (now Saratoga Spa State Park) near Saratoga Springs, Saratoga County. What exactly he is doing is unclear; he may be sterilizing something. This may be part of research into the health benefits of the spring water. The date is unrecorded, but is likely August 1918. This image was created to record the Saratoga-related activities of the New York State Conservation Commission.
